

**UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF ALASKA**

UNITED STATES OF AMERICA

Plaintiff,
vs.

JASON PAUL ONIS KING KIVI,

Defendant.

3:05-cr-00106-JWS-JDR

**FINAL
RECOMMENDATION
REGARDING
MOTION TO SUPPRESS
Evidence and Defendant's
Statements**

(Docket No. 13)

In a Recommendation filed at Docket No. 20, I advised that defendant Kivi's Motion to Suppress evidence and statements be denied. The defendant timely filed objections at Docket No. 22. The government filed a response. Docket No. 29. After careful review of the objections, I decline to modify the original recommendation. The government adequately addressed the objections filed by the defendant and nothing contained in the objections causes the magistrate judge to

modify or discuss further the proposed disposition of Kivi's Motion to Suppress. The Motion to Suppress filed at Docket No. 13 should be denied. Accordingly, this matter will be forwarded to the assigned district judge for his determination.

DATED this 29th day of March, 2006, at Anchorage, Alaska.
